

MEMORANDUM FOR: Acting Deputy Director (Administration)

SUBJECT: Truck for [REDACTED] Warehouse

25X1A

25X1A

25X1C

1. The Logistics Office urgently needs at the [REDACTED] Warehouse an Agency [REDACTED] truck, 3/4 ton, stake body. This unit will cost approximately \$1,525.

2. This truck will be utilized for the transportation of small bulky items too small for the 1-1/2 ton truck and too large to be placed inside a station wagon. Each trip made by the 1-1/2 ton truck from the warehouse [REDACTED] constitutes an overall mileage of approximately 25 miles. This 1-1/2 ton truck averages 8 miles to a gallon of gas, whereas the proposed 3/4 ton truck will average 16 miles per gallon. At the present time, the operating costs of the present truck are twice as much as those of the proposed 3/4 ton truck.

25X1A

25X1A

3. Subject to your concurrence, this office will procure the vehicle utilizing the GSA working fund established for procurement of certain Agency [REDACTED] items. This is in accordance with paragraph [REDACTED] memorandum dated 27 June 1949 from the Budget Office to Director of Central Intelligence Agency, subject; Federal Bureau of Supply Working Fund, which states as follows:
